

# IMPACTS OF DIGITAL TRANSFORMATION ON IT ADMINS

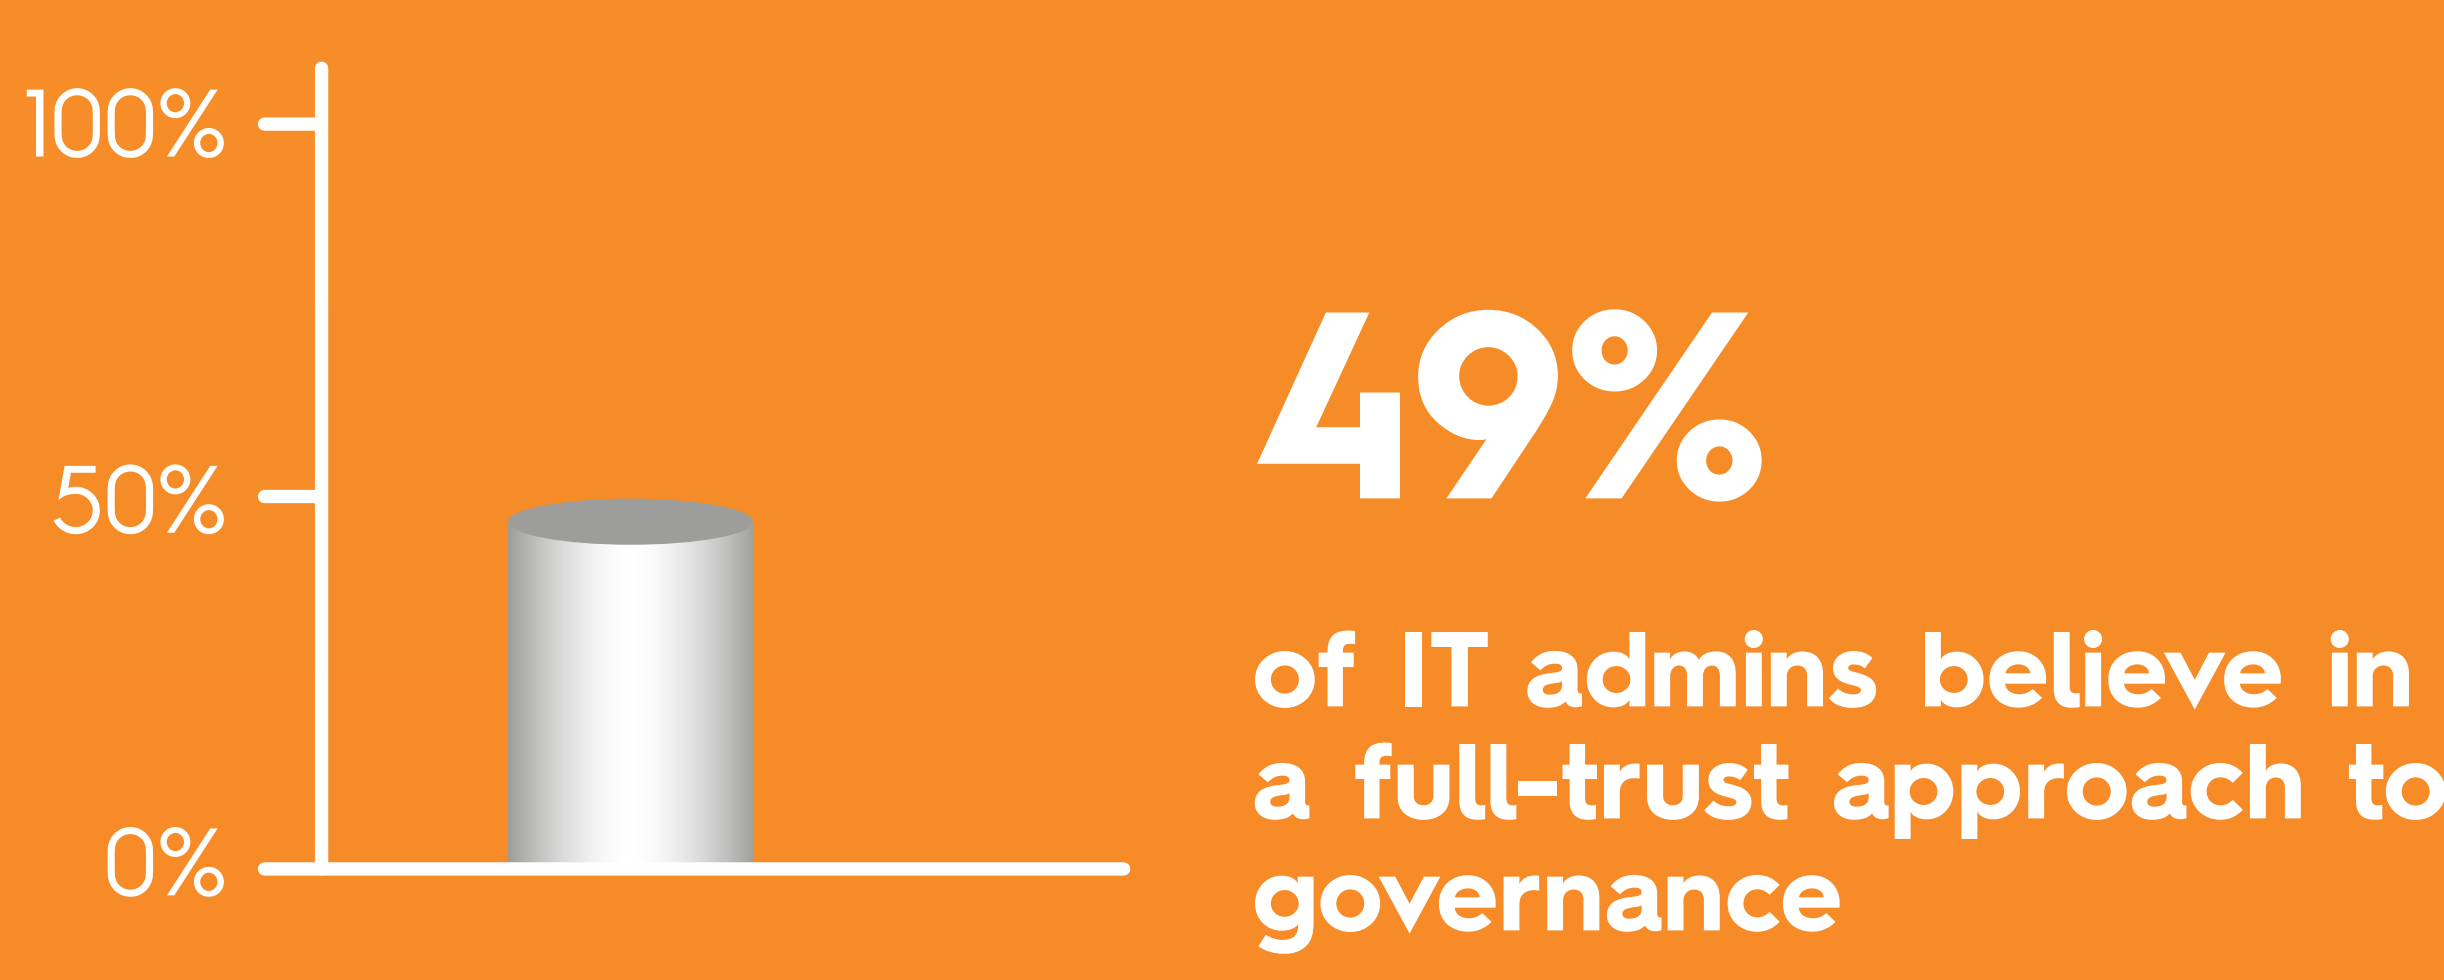

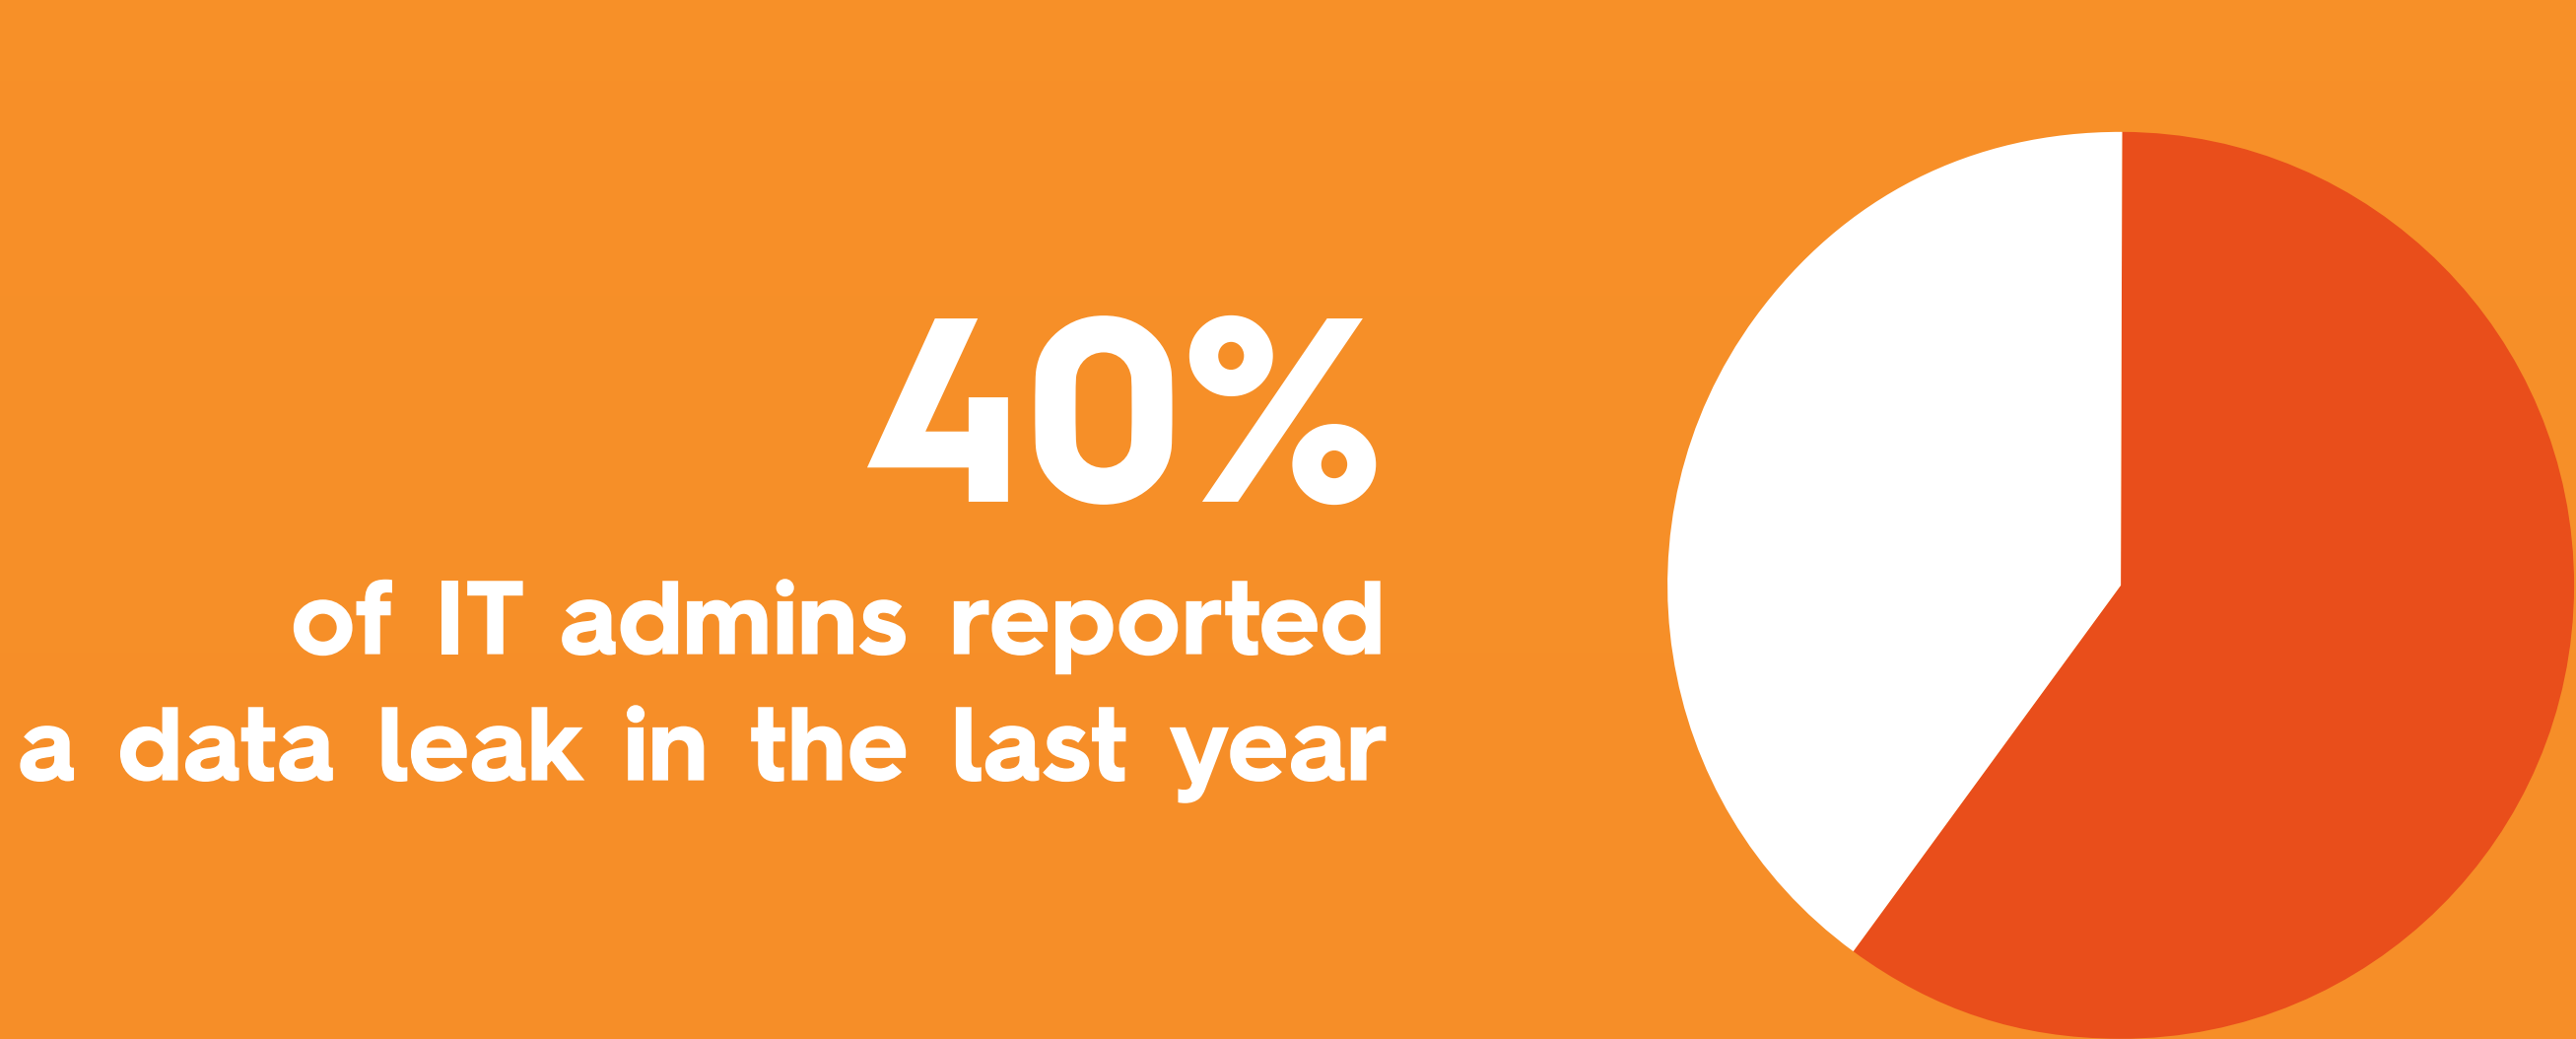

Digital transformation has changed the face of many industries. But what exactly changed for those responsible for IT environments?

This report brings the truth to light.

## Top 3 biggest challenges for IT admins\*

\*Sum of items can be greater than 100% because each respondent could have selected multiple answers.

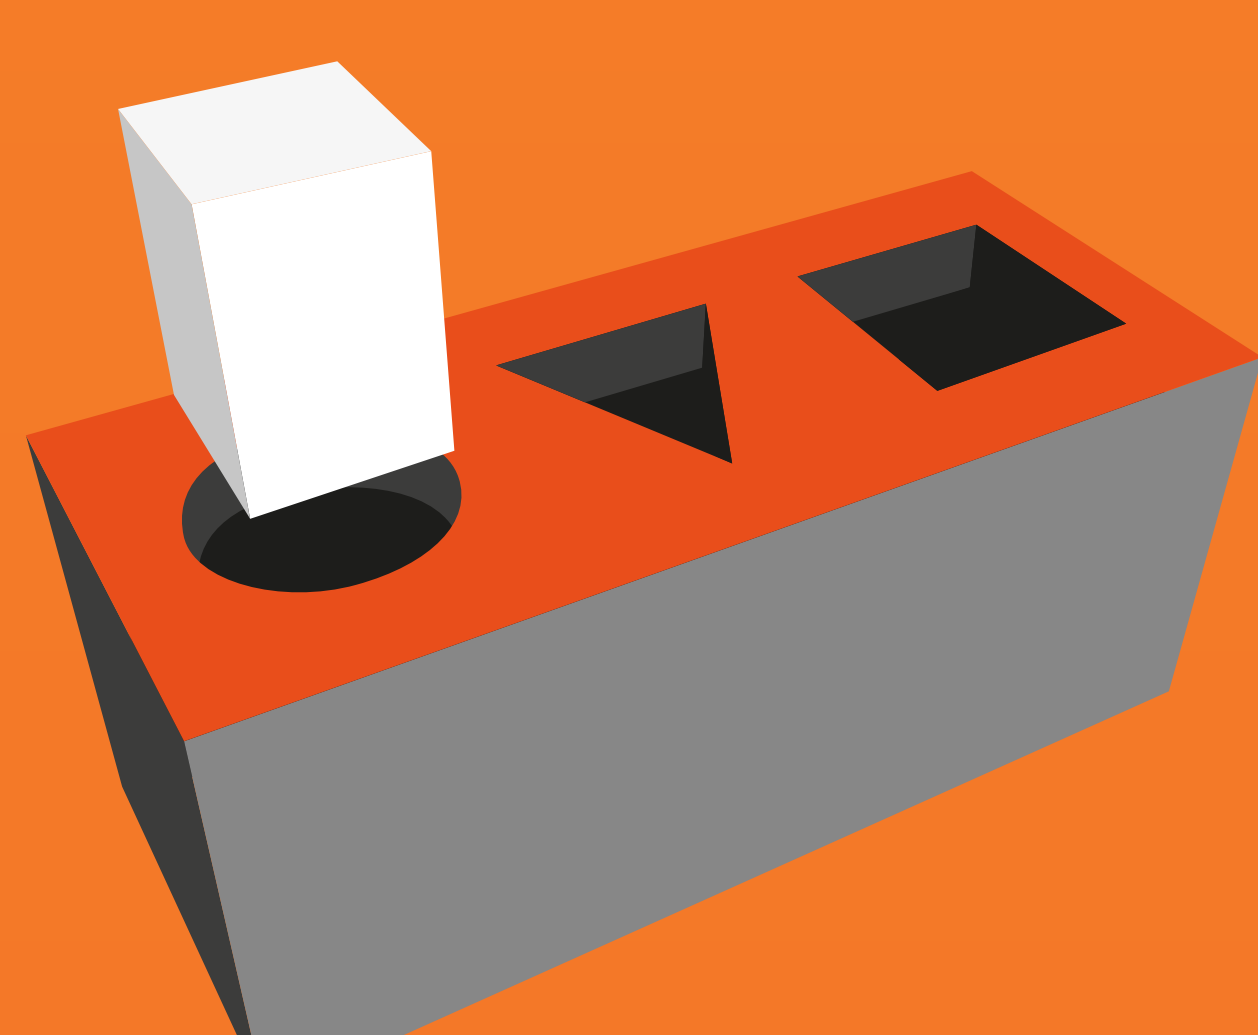

## 7 out of 10 IT admins feel burnout symptoms

## 8 out of 10 admins want to include non-tech employees in data reviews

## 1/2 of IT admins consider that non-tech employees don't know how to properly apply external sharing policies

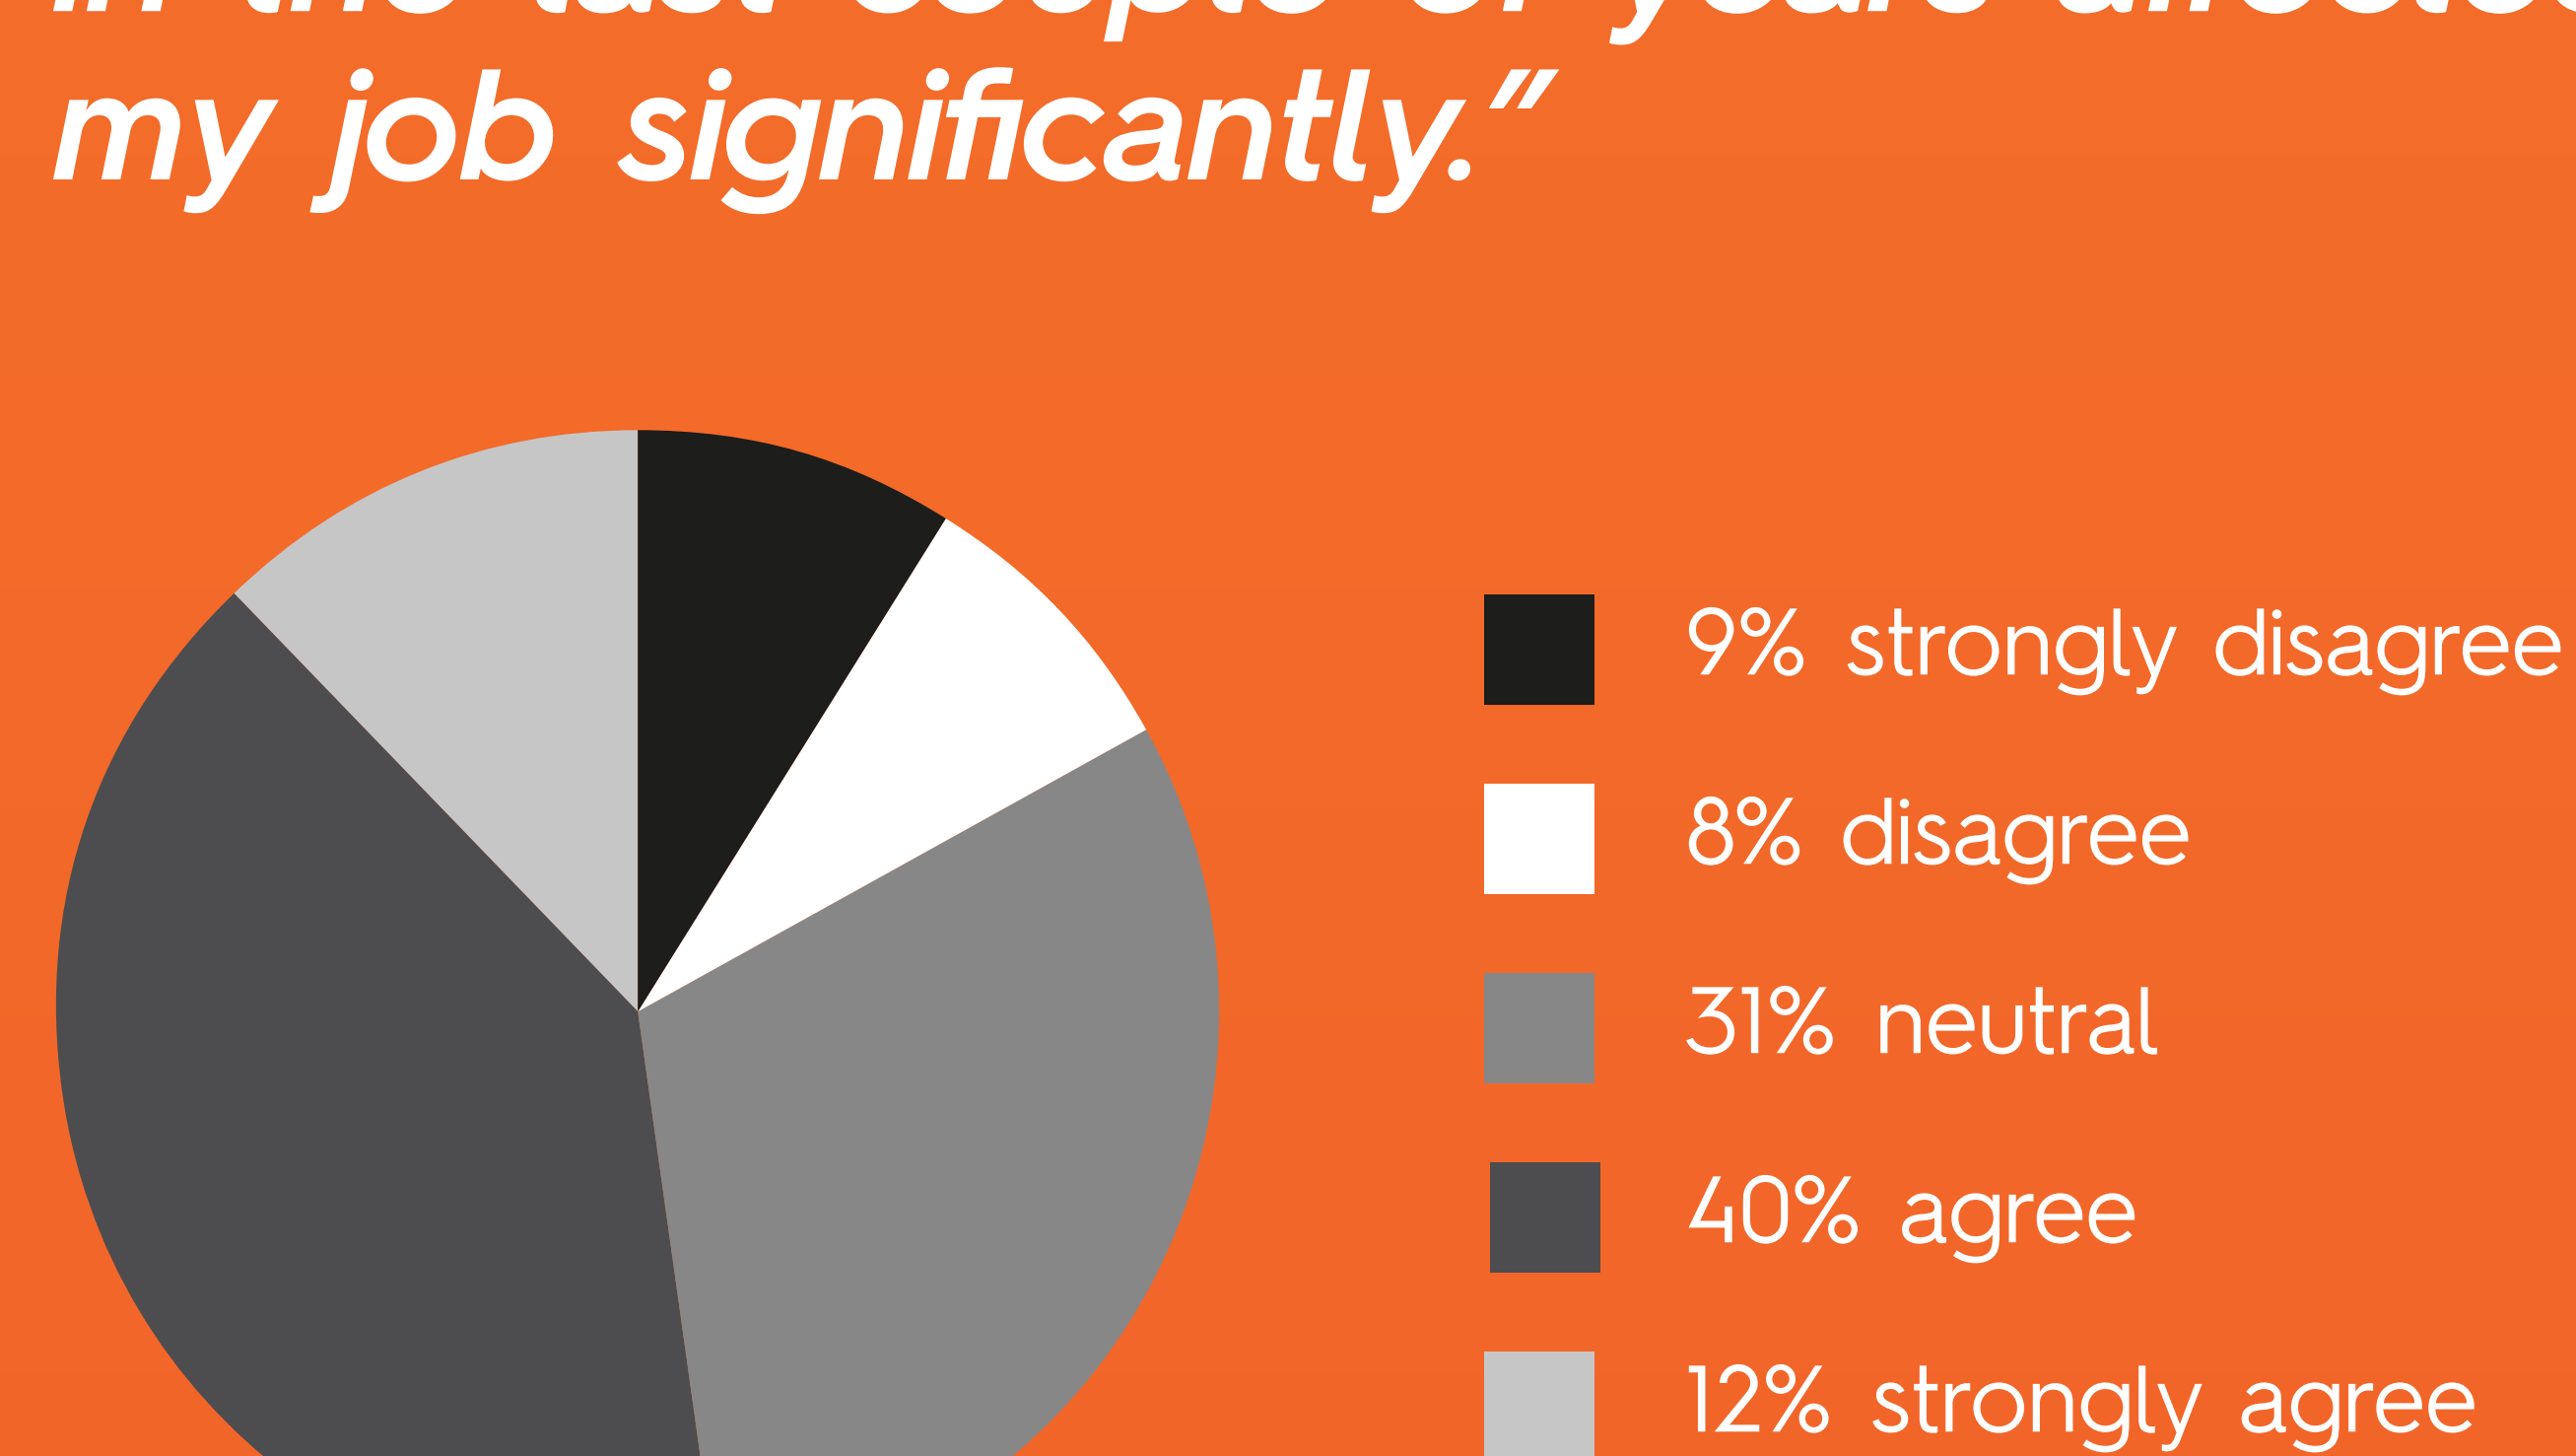

## 1 in 4 IT admins think about leaving their job

QUIT JOB
